Accord Healthcare, Inc. (“Accord Healthcare”) is voluntarily recalling Multiple lots of Levothyroxine Sodium Tablets USP, at the Pharmacy Level.

This recall is being initiated because out of specification results were observed during long-term stability testing of Levothyroxine Sodium Tablets USP 25 mcg, 50 mcg and 137 mcg. These results may affect the efficacy of the medication. As patient safety is the highest priority, Accord Healthcare is taking immediate action to recall the affected product lots.
